**Comments: very interesting to hear and know more about different mechanisms and role of receptors within AMD and diabetic retinopathy, a new area to learn**

Social Events (dinners at Ghingis, Munkkällaren, Castle/Church tours, picnic lunch, adventure/climbing – N.B! Social activities outside of lunch/dinner were funded through personal/private funds from all participants to comply with EU/ethics regulations)

**Comments:**

**Excellent, very well organized!**

**Thank you for everything, it was amazing adventure and delicious food.**

**Everything was perfect! Congratulations!**

**Excellent.**

**Was really a great mixture of activities, adventure park was a lot of fun.**

**Super! 10!!!**

**All good! Thank you!**

**Ghingis was excellent choice 😊**

**Both dinners were delightful, the social activities were very fun.**

**Very important!! A must – social activities means more interaction/networking, etc. Thanks for that!**

**Climbing/adventure trip was really a good idea, also to do it in one of the last days. Day 2 was a little long, would be okay to have 1 ½ - 2 hours free time before the tour/dinner.**

**Everything was perfect.**

**All activities were well organized and all really enjoyed it. Thanks for the great week, we learned a lot, met a lot of new people and got to know a little part of this nice city and region in Sweden.**

**I really enjoyed both dinners, lunches and the castle/church tours. The adventure/climbing, however, was the most memorable of them all. I had so much fun and I will never forget this experience 😊**

**Great fun!**

General Comments on the Summer Training School (what worked/didn't work, what was good, what could be improved, organization, etc.):

**It was a really great summer school!**

**A good balance in lectures/workshops, but also time for social activities. Clearly, a lot of effort was put in the organization. Thank you very much for this. It's been a very interesting, educational and inspiring week! I felt very welcome.**

**Everything was really fine. Find the proportion between the lectures and social activities was quite good.**

**More practical sessions if it's possible. Thank you!**

**Moving campus on the last day was unusual – difficult to get to. Overall very enjoyable, lovely friendly atmosphere. Sincere thanks to all the PhD, Postdocs for showing us their projects and spending time with us.**

**Thank you for everything. COST was such a great event and worth all the travelling.**

**Everything was very interesting and exciting – thanks!**

**I loved this experience, especially the refractive and biomaterials parts. It could be improved with small additional part of wetlab to link more basic-science researcher to the real needs of surgeons. One of the best experience of my life!!!**

**Overall – excellent 😊**

**Very informative and fun!**

**Very well organized, very polite! Excellent outdoor activities.**

**Missing: first 'who is who' in the beginning of the summer school**

**Thank you for good company and a really good course.**

**Perfectly arranged 😊 Activities were a nice combination of cultural and physical. Lectures were well grouped and had a nice mixture of subjects. Thank you for organizing.**

**For me, the summer school was the perfect combination of lectures, wetlabs and social activities. The communication beforehand was good and it was really easy to find everything.**

**For the mornings, it would be a little bit easier if the hotel was closer to the university. Thank you for organizing this wonderful summer school!**

**Well organized, useful.**

**Everything was perfect, thank you!**

Thank you for your feedback and safe travels!
